

EPA AWARDS 2019

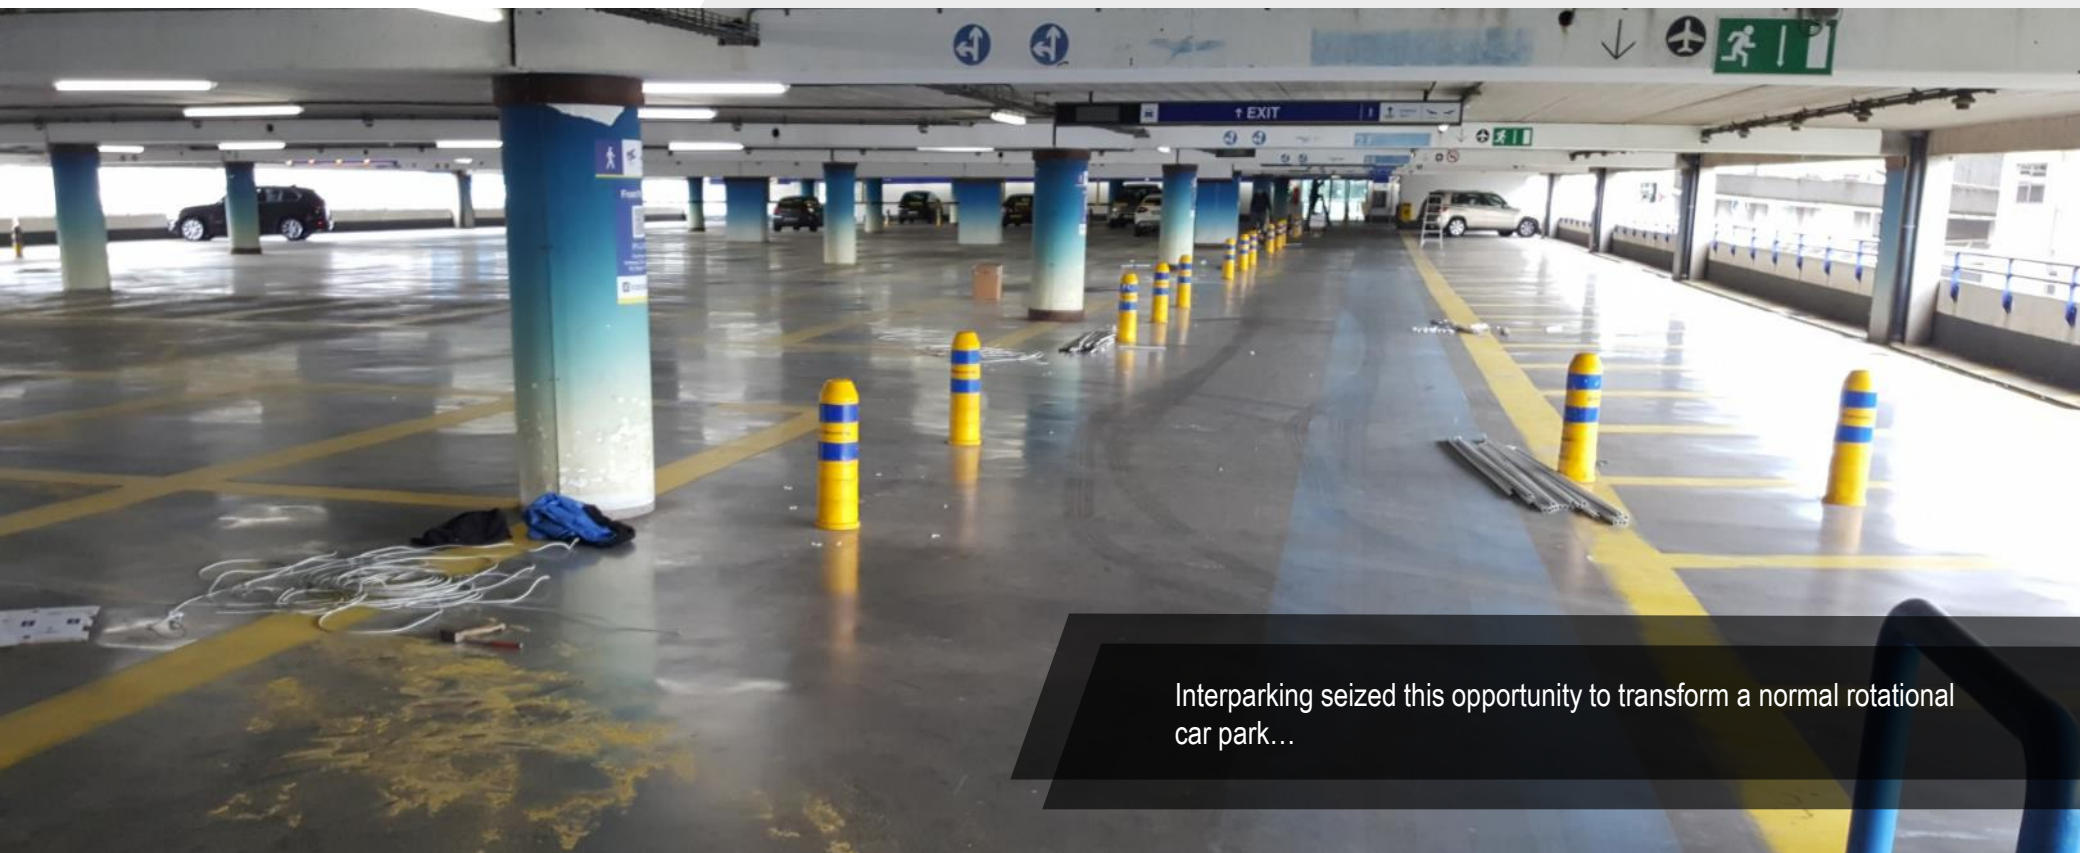

▶ CATEGORY 2: "INTERPARKING - P1 VIP"

The P1 VIP car park is a valet parking, located at a few steps from the check-in desks at Brussels Airport. The P1 VIP welcomes mostly premium and business customers who are looking for a secured, hassle-free and comfortable car park.

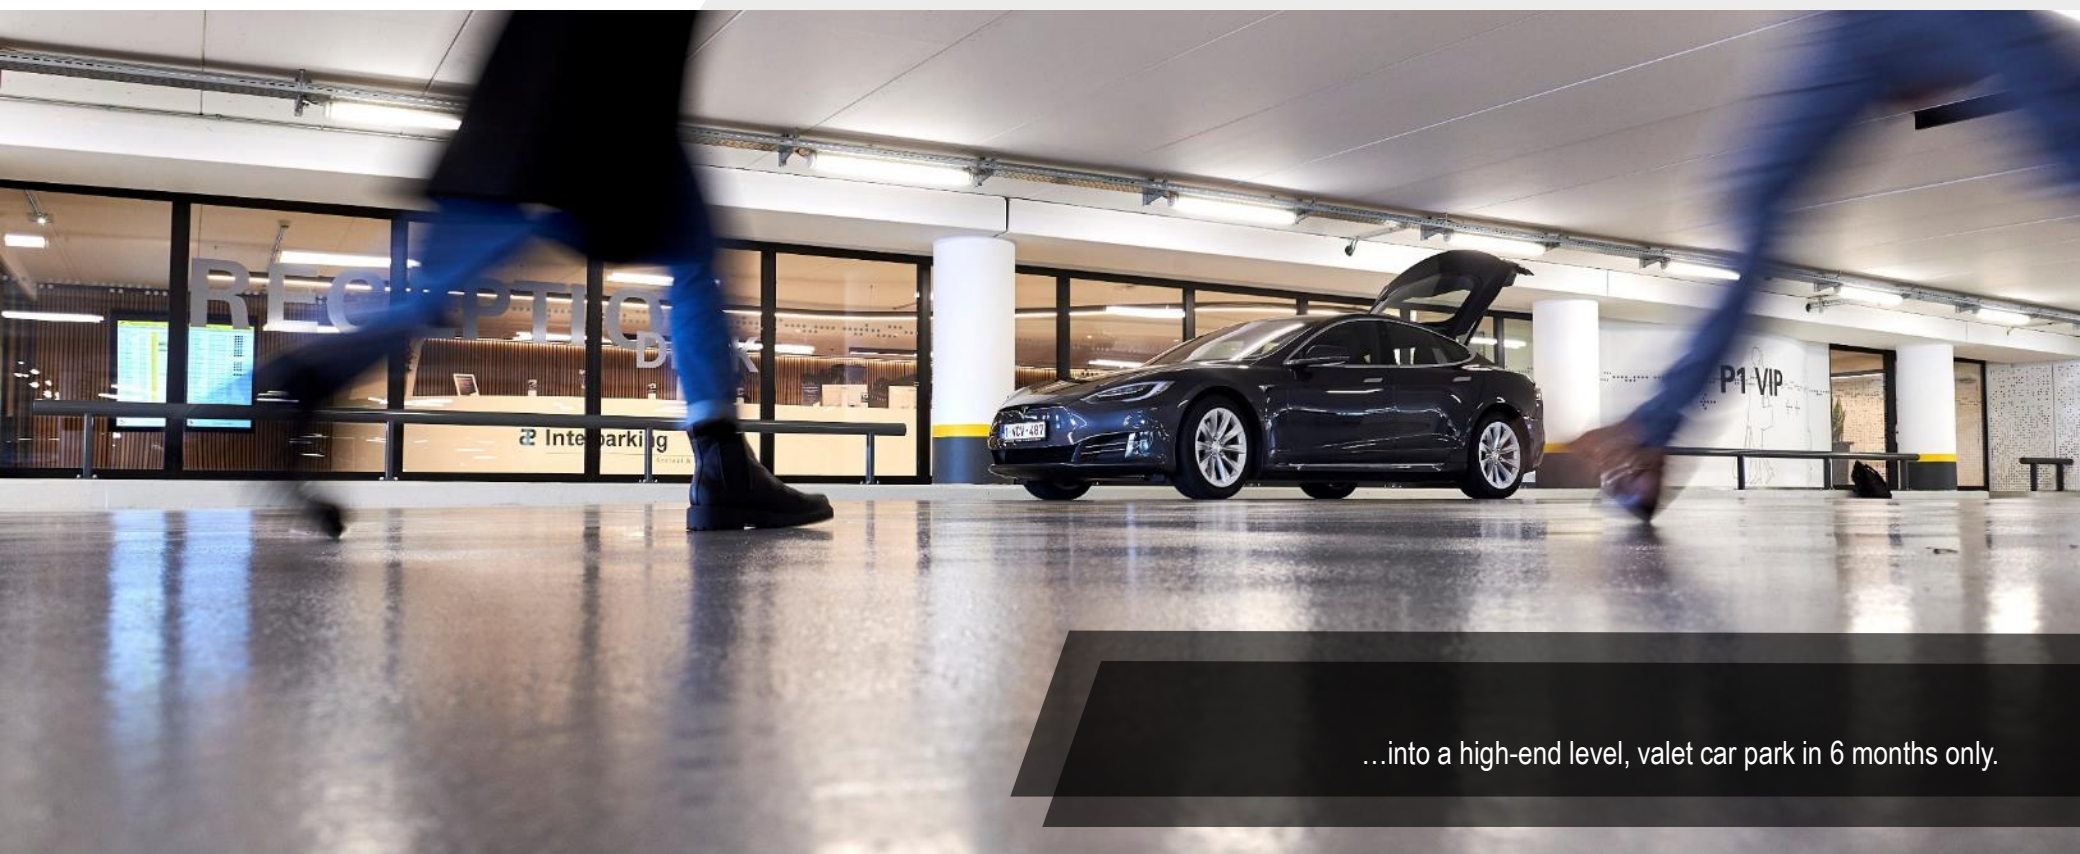

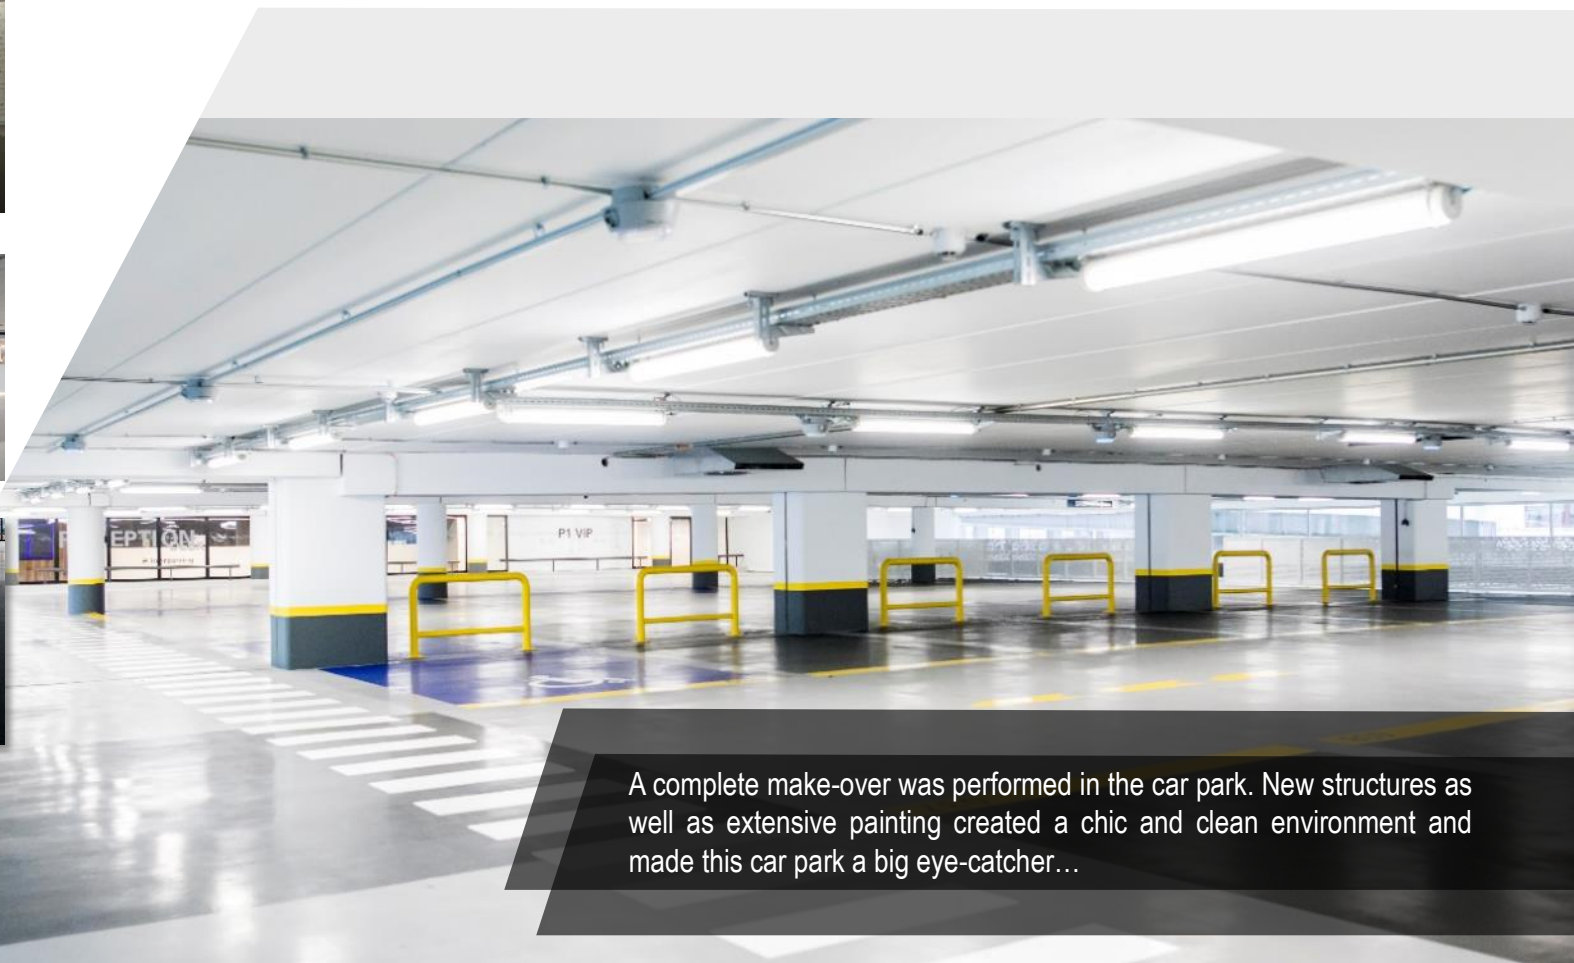

After the attacks in March 2016, the former VIP car park had to be closed on police orders. He was, indeed, evaluated as too close to the terminals.

Interparking seized this opportunity to transform a normal rotational car park...

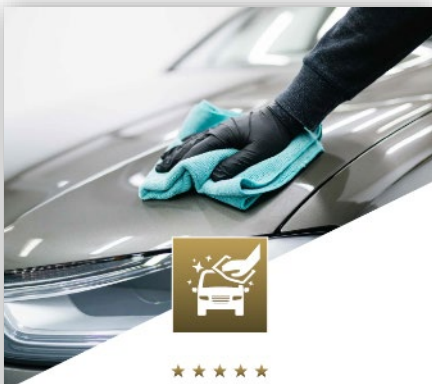

...into a high-end level, valet car park in 6 months only.

A complete make-over was performed in the car park. New structures as well as extensive painting created a chic and clean environment and made this car park a big eye-catcher...

...offering a whole bunch of new technologies. Including, among others, online booking, Pcard+ access, LPR and a full scan of the car while accessing the car park.

★★★★★

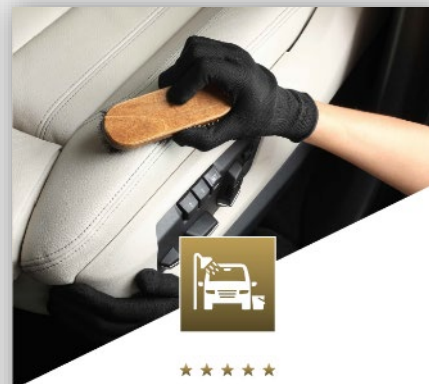

HAND CARWASH

Your car perfectly cleaned
during your trip

★★★★★

Your car window damage
fixed while you're on travel

★★★★★

DEEP CLEANING PACKAGE

Retrieve your car
cleaner than new

★★★★★

Your grocery shopping
at Rob's
delivered in your P1 VIP Parking

Not to mention a wide range of extra services : from carwash to window fixing and the delivery of fresh food upon the customer's return.

To do so, the whole floor had to be protected by large windows.
